Service Interview Form

Find someone who works or volunteers for a cause that interests you. If you need help, you can ask a parent or family member, ask your teachers at school, or pick up the phone and call some local organizations that interest you. Ask for the director of the program, tell him or her that you're a student doing a self-discovery exercise on service learning, and you want to interview them for 15 to 30 minutes over the phone. (Most people will love to share their experiences with you.)

When you're done, enter your answers in the online Service Interview Activity
